RE: **GPAC July 8 Meeting Agenda**

The packet for the July 8 GPAC meeting contains the following items for review and discussion at the meeting:

- ◆ Draft minutes for the June 3 meeting.
- ◆ Materials from the Association of Monterey Bay Area Governments (AMBAG) Blueprint process. The Blueprint is intended to develop a Preferred Growth Scenario representing a set of land-use patterns in 2035 that is intended to minimize vehicular emissions and vehicle-miles traveled. This scenario would not be binding but would become part of the tri-County Metropolitan Transportation Plan, and it is being developed by voluntarily participating jurisdictions from across the AMBAG region, including San Benito County. During May and June, AMBAG held public workshops intended both as outreach and as information gathering for the Blueprint process.
- ◆ A copy of the PowerPoint presentation prepared for the meeting by the General Plan Update consultants. The consultants will be guiding much of the discussion of the agenda items during this meeting.
- ◆ A potential regular meeting schedule for the remainder of 2010.
- ◆ Public comment.
